# MOJITOS

The mojito is a traditional Cuban highball drink and your new summer favorite. These cocktails consist of rum, simple syrup, lime juice, soda water, and mint. Its combination of sweetness, citrus, and herbaceous mint flavors is intended to complement the rum, and has made this mojito our most popular summer drink.

Since The Beach House is everyone's happy place, for everything summer, we of course offer the classic mojito but also multiple spins offs on the traditional cocktail. Try one or try them all!
